PepsiCo rides on India growth

PepsiCo Inc on Thursday said its snacks and beverage businesses in India grew by double digits in volume terms for the three months ended March 31. In Asia, West Asia & Africa, the company registered net revenue growth of 12 per cent driven by effective net pricing and volume growth. The company posted a net revenue of \$12.43 billion, compared to \$11.94 billion in the corresponding period of previous year.
